● ABOUT US

MultiTV's BeLIVE is a robust and scalable video platform that is widely used to conduct seamless virtual and hybrid events. It powers businesses to host events like Annual General Meetings (AGMs), product launches, trade shows, conferences, workshops, webinars, concerts, conclaves and meetings online in a seamless manner. Trusted by enterprises and brands alike, BeLIVE is the largest video capture and distribution service that has live-streamed 1,000+ branded events. Recently, the platform was used to execute AGMs for four large corporates in India with a combined viewership of 7+ million shareholders, and the largest COVID fundraiser with 400+ million viewers over 3 days.
